Alongside our existing high quality learning environment for 3 - 4yr olds we have new resources and equipment which will cater specifically for our youngest children; creative table, role play area with dressing up clothes, sand, cosy corner for quiet times and exploration area are just a few examples.

Our wonderful outdoor area - or "Nursery Garden" - can be used on a daily basis by all children. It is a safe, secure area, used solely by the Nursery, and provides opportunities to be creative, embrace nature and play on a larger scale.

We will ensure that your child receives gentle, caring support in their learning from the highest quality Early Years Practitioners, including our Nursery Teachers. The current, excellent Nursery staff team are all highly trained and experienced in working alongside young children. In addition, new staff members are particularly skilled at working with children from 2 years.

We can offer your child a stimulating, safe, secure start to their pre-school learning in a well resourced, high quality setting. Why not come along and see what we have to offer?
